

WASHINGTON HILLS

RIESLING 3L CASK WASHINGTON STATE

Washington State

Washington's success with vinifera is due in large measure to the state's unique geography. The vineyards are planted on the east side of the Cascade Mountains, which serve to protect the region from marine weather off the Pacific coast and limit rainfall to just 6 - 8 inches annually. Low rainfall and free-draining soils allow vineyard managers to control vine vigor in order to promote flavor and ripen fruit to perfection. Cool autumn nights protect the grapes' natural acidity.

Wine Making Notes

Preserving the intense natural fruit found here in Washington is our main goal when crafting this wine. Gentle fruit handling, Epernay yeast, long cool fermentation and protection of the wine from oxygen are the keys to capture these generous varietal essences.

Tasting Notes

Fragrant peaches, sugar cane and floral notes give way to flavors of mangos and peaches. Bright acidity leads to a crisp finish with lingering fruit.

Variety Blend

100% Riesling

Bottling

pH: 3.07

TA: 0.72

ALC: 11.0%

RS: 3.52%
