PRODUCED IN WALLA WALLA

PENDULUM

A moment in Time

Just as a pendulum regulates the movement of a clock's work to ensure that it is accurate, the viticulturalists and winemakers who create Pendulum regulate the wine growing and winemaking process to ensure that we create wine that is balanced to perfection. Sourced from the Columbia Valley appellation in Eastern Washington, Pendulum benefits from the long, warm summer days and cooler nights which allow grapes to ripen to perfection while protecting their natural acidity. Pendulum is full of intense flavor, artfully blended to achieve a complex and worldly wine.

PENDULUM IS:

- Bordeaux-styled Red and Pinot Gris produced in Walla Walla
- Pedigree and heritage at an amazing price
- Positioned for strong restaurant and bottle shop presence
- 375mL Red Wine for hotels, restaurants & bottle shops
